PARK DISTRICT RESIDENTS

Who is a Salt Creek Rural Park District resident?

If your place of residence falls within Park Boundaries, a portion of your (or your landlord's) real estate taxes goes to that park district. In exchange, you may receive a discounted price for Park District programs or use of facilities.

If you reside in an unincorporated area and pay no Park District taxes, you are considered a non-resident at all Park Districts. Your tax bill and your voter's registration card indicate which, if any, park district receives tax dollars from you.

The Salt Creek Park District encompasses the southeast corner of Palatine, a north central portion of Rolling Meadows and a small section in west central Arlington Heights. Please refer to the map on page 51 of this brochure.

The Brave Way Self-Defense Training for Adults, Teens, And Youth NEW

Ages: 8 and up

Give us two hours and we'll teach you, your family, and your friends how to defend yourselves. Originally certified by the State of Illinois to teach police officers, this is one of the easiest to learn and most effective self-defense classes you can take. We're not going to give you a false sense of security or teach you a bunch of stuff like many self-defense companies teach, that might not work in a real life or death situation. The techniques we teach will stop an attacker immediately. They're easy to learn and use, don't require constant practice or years of training to master, and work regardless of your age, size, strength, speed, skill or physical ability. You'll work with a partner to learn the techniques taught in class which include defenses against armed and unarmed attackers; single/multiple attackers; standing, sitting, and ground techniques; and rape defense/prevention. This isn't a safety lecture, although you will learn ways to make you safer at work, at home, at school, when traveling, and more. Learn to anticipate and avoid potentially dangerous situations and how to defend yourself against a physical attack including; grabs, punches, chokes, bear hugs, headlocks, kicks, knives, guns, and more from a much bigger and stronger attacker. Participants will also be given a Personal Safety Guide to help make you and your families safer in all areas of your lives. This Class Could Save Your Life. Every girl at or near dating age should take this class. Our classes are targeted at teens and adults, but 8-11 year olds can sign up and take a class with an adult. Min 2/Max 20
